Tell P is a strong conformation son by Filomen P and - like Tamboy P - goes back to the legendary Starbuck dam Mort Matt Tammy. The transmission profile shows Tell P as a component sire with outstanding conformation transmission and very good functionality. Especially the udder health in connection with a high milking speed is impressive. Fertility and longevity are at a high level, as is persistence. The highlight is certainly the ability to produce excellent type animals with perfectly angled hind legs with very high heels and strong pasterns, which have very tight and wide attached udders.
