VICTOR PP

VICTOR PP goes back to the Ribano PP - dam Mupfel Paola PP from the Schmidseeder breeding farm and, in addition to high milk production (plus beta-casein A2/A2), offers offspring with high vitality and fitness. Births and milkability are average and the udders are very suitable for AMS with teat length and placement.

## Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Height at cross	100	small				large
