Vermont

Vermont is one of the few Vasari sons on the market and comes from a very proven cow family. Mother, grandmother and great-grandmother are all still standing on the Schmidseeder breeding farm and convince with high performance and good fitness. Vermont himself also convinces with a very complete profile with solid performance, a faultless conformation with plenty of frame and good udders. Like the dam line, he also inherits excellent fitness values with high productive life, good udder health as well as very good daughter fertility.
