Vegas P

VEGAS P is a son of Vikings PP and comes from a dam line with a very high level of performance, so the inheritance profile is also characterized by very good performance. With 127 GZW and 123 ÖZW, Vegas P will bring progress especially in terms of performance (plus beta casein A2/A2) and frame and feet and legs inheritance. Vitality and longevity as well as udder health are good, milkability is average. The birth rate of 113 predestines Vegas P for heifer insemination and at 156 Vegas P has an interesting aAa code.
