Villstar Lucky-PP LEONIE Z-PP-RED

LAMMER Z P RED from the Swiss branch of the Lila Z family promises offspring with his hereditary profile who know how to convince with a very good performance with high components as well as with their conformation, which is characterized by medium size, a lot of width from the chest to the ankles perfectly sloped rumps, very functional feet and legs and high attached udders with teats placed in the middle. In addition, there is an excellent longevity and daughter fertility, as well as very good milkability with low cell counts and easy births.
