Lipton Z P Red

Lipton Z P Red comes from the very successful Swiss branch of the Lila-Z family. Lipton's breeding value profile promises an excellent balance between good production with very high components, high daughter fertility and longevity, good milkability with low cell counts and a brilliant conformation - broad chest, very wide, perfectly sloped rumps, outstanding feet and legs and highly attached udders with longer, optimally placed ones dashes. The births are easy, as is the mat. Calving progress of the daughters at 114.
