Hektor PP

Hektor PP is a homozygous polled sire from the very successful Mabelpoll cow family. The inheritance profile of Hektor PP impresses with good performance with high components, positive fitness and health values, excellent udder health and a very good exterior with a lot of dairy type, high, firmly attached udders and good feet and legs. His very high values for maternal calving success should also be highlighted. Hektor PP is also very suitable for AMS operations and has the top combination of beta-casein A2A2 and kappa-casein BB.
