Mutter: Wilcor Chanel EX-90

Wilcor Cartier

WILCOR CARTIER comes from a deep Canadian cow family with 10 generations of EX and VG cows (all cows in the maternal line are at least VG-88) from which there have been hardly any bulls available so far.
++ Both the EX Lambda mother and the EX-93 Crushabull grandmother were class winners at the 'Show of the Best', and the UGM Unique Dempsey Cheers EX-95 was the 2018 Reserve Intermediate Champion at the WDE in Madison.
++ With Wilcor Cartier, you get the chance to breed the special cow that shines with productivity and exterior.
++ The offspring have perfectly angled, very wide hips and move on optimally angled hind legs with high hocks.
++ The high-set udders have a strong central ligament combined with a neutral teat placement and longer teats – ensuring suitability for robotic milking.
