Amor P RF is a top-class polled performance sire who, with 125 kg of fat and protein and gRZM, has been one of the highest bulls on the German top list for years and is currently No. 1 among the daughter-proven P sires in Germany! In addition to the enormous production and a high overall breeding value, Amor will inherit an average linear with sloping rumps and will also be interesting for Rbt breeders as an RF carrier. He tests kappa-casein BB and beta-casein A2/A2.
