M: Bjornholm Candy EX 90

Bosshoss

Bosshoss is a very complete sire with good production and positive components. He inherits an attractive conformation with good udders and body strength as well as good fitness values with a high longevity. Bosshoss tests A2/A2 and qualifies for the RZRobot with 106. Candy, Bosshoss' dam, is classified 88-87-88-89 / VG-88 and was one of the finalists in the election for Cow of the Year 2018! The first daughters of BOSSHOS are currently calving and, as expected, show significantly more strength with a medium height, a long metacarpus with deep, open ribs and optimally sloped rumps. The feet and legs are very functional, the udders are high and firmly attached. The daughters closely resemble the bull's dam, the impressive Candy VG 88, who has an LL after 4 lactations of almost 55,000 kg milk with 4.28% F and 3.80% E.
