Bentley PP Red

Bentley PP Red is a homozygous polled Born P - son who goes back over 6 generations of VG and EX - cows to the world-famous Ralma Juror Faith EX 91. Like all members of this cow family, Bentley also promises long-lived offspring with high fat and good protein production. In terms of conformation, medium-sized animals with very good feet and legs and udders can be expected. Bentley also transmits excellent fitness and is one of the highest PP sires for hoof health and Mortellaro resistance. Beta Casein A2/A2. The predominantly dark-colored young animals of Bentley PP Red are very vigorous cattle with deep, open ribs, long metacarpals, very balanced pelvis structure and perfectly angled hind legs that are set completely parallel.

## Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Stature	103	small				tall
Rip structure	99	tight rib				open rib
Body depth	104	shallow				deep
Strength	105	frail				strong
Rump angle	96	high pins				sloped
Thurl width	98	narrow				wide
Rear legs side view	88	posty				sickled
Foot angle	110	flat				steep
Hock quality	102	coarse				dry
Rear legs rear view	115	hocked in				parallel
Front feet orientation	109	hocked in				parallel
Locomotion	107	poor				good
Rear udder height	94	deep				high
Udder cleft	104	weak				strong
