KNS Jimmy PP Red

Jimmy PP Red is a homozygous polled outcross sire without Earnhardt, Powerball or Mission blood and goes back to the very successful cow family of KNS Integrity Dorfgirl EX-93. Jimmy has kept his breeding values very constant for years and promises good production with high components, easy births and a balanced conformation with good feet and legs and udder transmission as well as sloping rumps. He is one of the best PP bulls for metabolic health, has high overall health values and very good udder health. Jimmy is particularly suitable for AMS farms (RZRobot 117) and tests Kappa-Casein BB.
