KNS Daniel Red

Daniel Red descends from Niermann's very successful D-line and goes back to Integrity Dorfgirl EX-93. Daniel continues the successful tradition, was high on the top list for a long time and also convinces as a progeny tested sire with the top combination of 134 RZG, 116 RZE and 121 RZN. Daniel passes on exceptionally high milk production, but also has outstanding fitness and health values with very high daughter fertility, high longevity and very good udder health. His conformation is also impressive with a very balanced linear with good feet & legs and udder inheritance. Daniel is also particularly suitable for heifer inseminations due to very easy births and, with an RZRobot of 108, also for AMS farms.

Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Stature	97	small				tall
Rip structure	96	tight rib				open rib
Body depth	101	shallow				deep
Strength	102	frail				strong
Rump angle	111	high pins				sloped
Thurl width	110	narrow				wide
Rear legs side view	103	posty				sickled
Foot angle	104	flat				steep
Hock quality	106	coarse				dry
Rear legs rear view	107	hocked in				parallel
Front feet orientation	103	hocked in				parallel
Locomotion	110	poor				good
Rear udder height	113	deep				high
Udder cleft	96	weak				strong
Front teat placement	102	wide				close
Rear teat placement	101	wide				close
Fore udder attachment	105	loose				strong
Udder balance	105	ht				vt
Udder depth	104	deep				high
