KNS Daniel Red

Daniel Red descends from Niermann's very successful D-line and goes back to Integrity Dorfgirl EX-93. Daniel continues the successful tradition, was high on the top list for a long time and also convinces as a progeny tested sire with the top combination of 136 RZG, 119 RZE and 120 RZN. Daniel passes on exceptionally high milk production, but also has outstanding fitness and health values with very high daughter fertility, high longevity and very good udder health. His conformation is also impressive with a very balanced linear with good feet & legs and udder inheritance. Daniel is also particularly suitable for heifer inseminations due to very easy births and, with an RZRobot of 111, also for AMS farms.

Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Stature	106	small				tall
Rip structure	103	tight rib				open rib
Body depth	102	shallow				deep
Strength	97	frail				strong
Rump angle	107	high pins				sloped
Thurl width	112	narrow				wide
Rear legs side view	94	posty				sickled
Foot angle	107	flat				steep
Hock quality	107	coarse				dry
Rear legs rear view	110	hocked in				parallel
