RR Damaskus

RR Damaskus is a high Durable son from a new but deep cow family with six generations of VG dams in a row. Damaskus is an all-round sire with high milk production and positive protein percentages as well as good fitness values and longevity. Milkability is very high at 115 and udder health is good, as are the overall health values, with strengths especially in terms of hoof health and Mortellaro resistance. Damaskus promises a balanced conformation with slightly sloping rumps, functional feet and legs with parallel legs and high heels, as well as well attached udders with longer, centrally placed teats. Damaskus is suitable for heifer insemination and the maternal calving ease of the daughters is rated at 105 on a high level
