RR Montana

RR Montana comes from one of the most important cow families in Holstein breeding and goes back to Germany's Cow of the Year 2018 RR Shottle Elisa EX-90 and the Snowman dam Broeks MBM Elsa EX-90. Montana is still one of the highest performance sires in Germany. His dam also produced more than 1,250 kg of fat and protein in the second lactation. In addition, Montana promises a good conformation with a strong physique. In addition to good udder health and a positive reproduction breeding value, Montana also tests A2A2.

Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Stature	107	small				tall
Rip structure	100	tight rib				open rib
Body depth	105	shallow				deep
Strength	106	frail				strong
