GM: OH Dacobra VG-85

OH Gustav

GUSTAV is a son of the proven sire of sons KAX Gladius and on the mother's side comes from the cow family of OH Krunch Dacumba, who is internationally successful as a supplier of bulls. The dam OH Dreamy VG 87 has other sons at German stations and is one of the best daughters of the bull Rafting, who now has a very good daughter based proof - his heifers repeatedly achieve excellent prices at the auctions.
GUSTAV definitely belongs in the category of 'flawless bulls' and promises offspring with very good milk production and high components, which will convince with a very good, functional conformation with correctly positioned rumps, parallel, optimally angled hind legs with high heels and firmly attached udders - Robot suitability is given. The health values suggest metabolically stable and fertile cows that convince with good persistence.
