Camaro PP Red

Camaro PP Red comes from an alternative dam line and is the only red PP sire in Germany at current breeding value level without Solitair and Match blood in the pedigree. In addition, other widely used sires such as McDonald P, Hotspot P, Simon P or Mission P and their sons are not represented.

Camaro convinces with a good overall breeding value with solid performance as well as high longevity and excellent fitness and health values. Camaro inherits less size, good body condition (BCS 107) as well as very good feet & legs and udder. Camaro is the #1 PP sire in Germany after RZRobot (118), can be used on heifers without any problems and is very suitable for organic farms (RZÖko 128).

## Linear

Merkmal	ZW	Tendenz	88	112	124	Tendenz
Stature	87	small				tall
Rip structure	99	tight rib				open rib
