V-GM: HaH Zamber VG-86

GM: Tirsvad Amber PP Red VG-86

Anton PP Red is one of the very few Stereo P sons on the market and goes back via Mars Red P to the very successful bull dam Tirsvad Amber PP Red. This is followed by 13 generations of VG and EX classified dams in succession - with the Mascot daughter Dixie-Lee Aspen EX 92 (dam of the udder sire Dixie-Lee Aaron) as figurehead. Anton PP Red is a highly attractive all-rounder and one of the highest PP production sires on the market. In particular, his high milk yield with positive fat percentages combined with very good persistency and positive feed efficiency give him a special position. Anton also convinces with complete functionality and good health values. Anton also impresses with very good conformation with a large frame, wide rumps, solid feet & legs and good udder inheritance. Anton is also suitable for heifer inseminations.
