BHA Glamour Red

Glamour Red comes from the Bentele breeding farm in Ravensburg and is still one of the best red-white performance sires in the country, even after many years. Glamour impresses with a very complete inheritance profile, with outstanding performance, high components and excellent persistency. His production in combination with very good daughter fertility, high health values and good longevity make him a high-flyer for economical milk production. Glamour also impresses in terms of conformation with a faultless profile and is also very suitable for heifers due to easy births. As one of only two Goliat sons worldwide, he also plays a special role in terms of pedigree and is suitable for many matings. With 138 RZÖko, he is also recommended for organic farms. Glamour is also an excellent pollinator.
