SH Scotch PP RF

Scotch PP RF is a homozygous polled sire and son of RZN Mystique P, who was one of the top sellers at the German Master Sale '17. Their granddam is AIJA Makea VG-86, which is very successful in North America and Europe. Scotch PP RF has a very finely tuned sire succession and is a very complete sire as well as one of the highest PP production sires of his year. Scotch PP RF convinces with a flawless conformation profile with wide rumps, slightly angled hind legs with high heels, high and firmly attached udders with longer teats, as well as a long service life and good udder health. Scotch is well suited for heifer inseminations and with a RZRobot of 110 also for AMS farms.
