Wolfhard Schulze

Mutter: HPH Amsel VG-85

Wolfhard Schulze

GM: Laudan Amstel EX-93

Meru comes from a cow family that combines outstanding high production and show potential. His granddam Amstel EX-93 was not only 'Miss Sachsen' twice, but can also convince with a lifetime production of over 70,000 milk kg and has an alternative pedigree. In a high total breeding value, Meru also combines a very good conformation with excellent udder transmission as well as high production - which the daughters who have calved prove daily on the farms (very often the MERU daughters are the heifers with the highest performance) - and good fitness transmission with a long service life and daughter fertility. Beta Casein A2/A2
