4GM MS Apples Ainsley EX-90

Hotlife PP

Hotlife PP is a very good, homozygous polled sire that goes back to the legendary KHW Regiment Apple Red EX-96. Hotlife has a very consistent profile over the years with good production, positive components, very good milkability and longevity. Furthermore, he is one of the highest PP sires for daughter fertility on the market and he also convinces with positive health values. Due to an average size inheritance, he is also suitable for smaller stables and due to the inheritance of udders that are particularly suitable for robots, he is also particularly recommended for AMS farms.
