DG Pirate

GGM: Beaucoise Planet Plane VG-86

Pirate is a successful daughter proven sire and descends from a deep Canadian cow family with 12 generations EX and VG. Pirate offers the complete package: good production with very high components, functional conformation with good feet and legs and udder transmission, solid fitness values and good milkability characterize him as well as good hoof health and Mortellaro resistance. Pirate's calved daughters are excellent freestall cows with wide, level rumps and correct feet and legs. The quality of the udders immediately catches the eye and despite the high performance of around 40 kg throughout, the young cows are in good condition. Pirate is suitable for heifer insemination and tests beta-casein A2/A2.
