GGM: Chiffon EX-90

KNS Soundcheck

Soundcheck is the world's second highest son of the Italian sire of sons Soundsystem and goes back to the Gold Chip - daughter Pencroft-Ammon G Chiffon EX 90. He promises high production with positive components, good values for longevity and an excellent conformation. We expect animals with wide rumps and slightly angled, parallel hind legs with high heels. The very high and firmly attached udders offer a suitable teat position, which, like the bloodline, fits perfectly with the offspring of Balisto and his sons. Soundcheck is a very good pollinator. After the young cattle attracted attention with their conformation and special charisma, the first calved daughters confirm the very high expectations.

Linear

| | ZW | -2 | 2 |
|-----------------------|-------|-----------|----------|
| Stature | 1.41 | small | tall |
| Dairy character | 1.53 | tight rib | open rib |
